- * Dues were raised by \$25 a quarter based on cost of business of an aging neighborhood. This makes it \$225 a quarter/\$900 a year.
- * Work is still be conducted on fence and pool maintenance.
- * Water for the neighborhood is looking to be approximately \$27,000 for 2024.
- * ACC or ARC Request Forms- Now must be submitted through Sentry. Find it @ sentrymgt.com-Log into your account - ARC Application will be right there!

Volunteers ALWAYS Needed!

*HOA Board Members for 2025-2026

- * The board is looking for a **TEAM** of homeowners to monitor the sprinklers next season. Those who live next to common areas, or take walks regularly throughout, would be asked to report the situation in these areas. We're looking to be more "green" and economical friendly for our community.

There are so many ways to help out. Contact a board member, or April if you are interested. April @ aarnold@sentrymgt.com
